### **CSS Lab Task**

**Submission guideline:** 

The last date of submission is 6 April 2023

Create a GitHub repository and push all your code to GitHub and send the link of the GitHub in the WhatsApp group with your full names (if you face any problem regarding GitHub do contact me)

Note: Don't send your assignments in my personal number otherwise I will not accept it

Exercise 1: Code and create an output like the image shown below.

# This is a Heading

This is a paragraph.

This is another paragraph.

Exercise 2: Code and create an output like the image shown below.

# This is a Heading

This is a paragraph.

This is another paragraph.

Exercise 3: Using CSS Set a background image for a page

Exercise 4: Set a background image that repeats for the whole page

**Exercise 5: Setting the text background color** 

## Text with a gray background

Text with a blue background

Text with a yellow background

**Exercise 6: Setting text decoration** 

Paragraph with a line over it

### Heading with a line through it

#### Heading with an underline

This link is not underlined. Can you believe that such a thing as non-underlined links exists?!

## Exercise 7: Write the CSS for creating padding of DIV tag with border and background color

as shown below

This div element has a top padding of 25px, a right padding of 50px, a bottom padding of 75px, and a left padding of 100px.

#### Exercise 8: Create a box with the following specifications shown below

This text is the content of the box. We have added a 50px padding, 20px margin and a 15px green border. Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip ex ea commodo consequat. Duis aute irure dolor in reprehenderit in voluptate velit esse cillum dolore eu fugiat nulla pariatur. Excepteur sint occaecat cupidatat non proident, sunt in culpa qui officia deserunt mollit anim id est laborum.

Exercise 10: Google front page clone make it simple if you face any problem
